We recently ordered some wall bars from you as per below E mail.

I just wanted to pass on our thanks for excellent service. Delivery to my mums home address was so quick, within a couple of days of placing the order and the product is of excellent quality, she is well pleased with it.

Just to thankyou for excellent service.

The wall bars are great. They did not come with any fitting instructions but we were able to work out how to fix them. Very good quality and good value for money.

Had awful service from the courier who was meant to deliver these bars but great service from Artimex. When the courier managed to lose them (!), they arranged to deliver them, themselves from Romania and built them in my gym. The bars themselves are of great quality and well worth the money **despite being the cheapest on the market i could find**. Highly recommend the bars and the company.

Great quality product and service from Artimexsport, 1st class customer service and communication. I would happily use them again and will be doing so in the future. Ricky,
London
